

AURA CABIN

AURA LOUNGE

A private wellness space shaped by modern architecture,
natural materials and integrated technology.

4-6 PEOPLE |

Designed as architecture. Built for everyday ritual.

Aurais a high-end outdoor sauna that balances clean architectural lines with a warm, tactile interior. Its compact footprint is designed for private homes, terraces and gardens, while generous glazing connects the sauna experience with the surrounding landscape.

CAPACITY

4-6 people

EXTERNAL DIMENSIONS

L4750 x W2250 x H2480 mm

STEAM ROOM DIMENSIONS

L2000 x W1965 x H2000 mm

LOUNGE DIMENSIONS

L2045 x W1965 x H2000 mm

AURA AT A GLANCE

Large grey-tinted tempered glazing creates openness, while the black metal frame and cumaru timber give the exterior a precise, contemporary character.

Electrical connection: 3-phase, 16A.

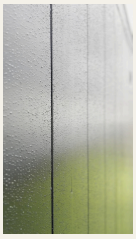

A durable exterior. Refined in every detail.

EXTERIOR DETAILS

Waterproof 220 V socket.
Integrated LED lighting.

Exterior door detail

RUUKKI PLUS MATT
Black RR33 metal finish with a 50-year warranty.

BRAZILIAN CUMARU TEAK
Premium hardwood cladding with a warm natural grain.

8 MM TEMPERED GLASS
Grey-tinted glazing and a tempered glass door with magnetic lock.

WEATHER PROTECTION
1.5 mm PVC roof membrane and SIGA Swiss facade membrane.

EXTERIOR DETAILS
Integrated LED lighting and waterproof 220 V socket.

EXTERIOR DOOR
Aluminium exterior door for premium feeling

Warmth, light and calm.

THERMALLY TREATED ASPEN

Walls are finished in thermally treated aspen, creating a calm, consistent interior with a natural tactile quality.

LAYERED LED LIGHTING

Built-in LED lighting in the backrest and benches gives the room a soft, atmospheric glow without visual clutter.

Villeroy & Boch tiles provide a durable floor surface. A stainless-steel floor drain and two ventilation outlets support practical everyday use and fresh air.

A large glazed opening visually expands the compact interior and connects the sauna with its surroundings.

04 / TECHNOLOGY & CONSTRUCTION
